MRS. S. E. FALL, of Washington county in this State, is on a visit to some of her friends in town. Though somewhat advanced in life, this distinguished lady retains much of the vigor of womanhood and many of those superior traits which distinguished her in her youth. She is the widow of Col. George Fall, formerly editor of the Mississippiian, and one of the most prominent members of the Democratic party in his day. At the time of this lady's marriage to Col. Fall she was the widow of Ex-Gov. A. G. McNutt. There have been probably no two men in Mississippi who have left the impress of their genius more indelibly fixed upon the character of our people than the two referred to above—Senators Signet.

The foregoing has an interest to this community for the reason that our older citizens have a pleasant remembrance of the estimable lady mentioned.

NOT TO BE INTERFERED WITH.—Twelve colored men joined the Democratic-Conservative club at Canton last night, and we understand that this morning threats were openly made at Garrett's store, (a colored man's,) by Radical negroes, to hang them. A committee of white men from the club waited on the Sheriff of Madison county and informed him of the threats that had been made and that if he did not protect them, that they would, by every means in their power. They also visited Garrett's store and notified the parties who made the threats, that hanging was a game that two could play at, and that if any harm came to the members of their club those who made the threats would be held responsible and dealt with accordingly. Well done for the men of Canton.
